

NEW TRAFFIC SIGNAGE

We are grateful to the District of North Vancouver for responding so quickly and effectively to our concerns about traffic in the immediate vicinity of the school. Please take the time to review the new signage and adjust your driving habits accordingly.

Parents continue to park in the no stopping and drop off zones creating safety hazards and interfering with the effectiveness of the drop-off/pick-up process.

Parking Sign 8am – 4pm School Days

This sign's arrow points to the Drop Off Pickup Zone clearly indicating that it is not a parking zone. **Please do not park in the Drop Off/Pick Up zone.**

No Stopping Signs

These signs and their arrows delineate the space on either side of the school parking lot driveway.

Please do not stop in the space on either side of the school parking lot driveway. It seriously impedes vision and the safety of students as they cross on the sidewalk.

Drop Off /Pickup Zone

Please drive up, pull in, drop off your child/pick up your child up and drive off immediately.

If your child is not yet there, do not pull in; drive on and around the loop once more.

Staff Parking Only. No Student Drop-Off or Pick-Up

(Yellow sawhorse AND sign)

Note the underlined words which are also highlighted in red on the sign.

The parking lot is for staff members only and visitors/parents with a disabled pass for their vehicle.

No Dogs Allowed on School District Lands

A gentle reminder...

No Stopping

These signs with the yellow bollards are doing the job.

Thank you for respecting them and thus eliminating the double-parking safety nightmare.
